Councillor Debbie Taylor declared a personal interest in agenda item 4.1 ( P/00180/13 – 29 Queens Road) as her husband knew the applicant.

Councillor David Woodward also declared a personal interest in agenda item 4.1 (P/00180/13 – 29, Queens Road ) as he was a Town Councillor for North West Ward.

50/13 MINUTES

The minutes of the meeting held on 18th March were confirmed as accurate and signed by the Chairman.

51/13 PROGRESS ON ACTION TAKEN

P/00180/13 – TCP/21288K – Millfield, 29 Queens Road (North West Ward)  
Two detached houses (revised scheme)

At its last meeting the Committee considered this application and resolved to make no objection. However, since then several comments had been placed on the IWC website and two people who commented on the original scheme (P/01853/11) had done so on the revised scheme and written to the Town Council.

The applicant spoke to the Committee who took the opportunity to review the matter and **RESOLVED to adhere to its decision not to raise objection .**

#### Co-op Store, Anglesea Street

At its last meeting the Committee considered application 042237 to vary the hours when the sale of alcohol may take place from Mondays to Saturdays 0800 – 2300 hours to 0600 hours – 2300 hours. Objection was raised as the Committee did not agree with it and felt that it could set a precedent for other retail outlets.

The Committee noted that the Licensing Authority had considered this not to be relevant as it did not relate specifically to one or more licensing objectives; the prevention of crime and disorder, the prevention of public nuisance, the protection of children from harm and public safety. Also the Licensing Authority is not permitted to take issues of need into account.

#### Temporary Entertainment Notices (TENS)

In response to a question regarding the number of TENS applications that could be made, the Committee noted that :-

1. - A premises can only apply for 12 TENS per calendar year , to take place over a maximum of 21 days.
2. - A TEN can last for 168 hours but there must be at least 24 hours between TENS.
3. – A submitter (non personal licence holder) can apply for 5 per year at least 10 working days prior to the event.
4. – A submitter (personal licence holder) can apply for 50 per year at least 10 working days prior to the event. They do have the ability to submit 10 “late TENS “ (5 days prior to the event) , which will count towards the 50.
5. – If the licence holder changes the limit of 12 relating to the premises will not start again.

#### Damaged Pillar, Church Lane ( by St Thomas Church )

The Committee noted that the Conservation Officer, Lee Byrne, had raised this with the Asset Management Team who will carry out the necessary repairs.

.

#### Decorative mouldings to buildings, principally in Union Street.

The Conservation Officer had mentioned that some mouldings had either become detached or were in very poor condition. Some repairs had been done by owners but Lee Byrne asked if it would be useful for him to contact the Business Association to highlight the need for maintenance. There would be a cost to this but he had spoken to Building Control as some mouldings had failed. The Committee asked that enquiries be made to ascertain whether any grants were available for funding these repairs and improvements.

#### Royal York Hotel

The Conservation Officer had been in touch with the owner of the building to try to secure improvements to its appearance. The owner was not willing to undertake any works so the IW Council needed to consider whether to take formal action. There is potentially a high cost to this, given the size and state of the building but it may be possible to secure lesser works which will also ensure that it is secure.

The Committee felt that the Isle of Wight Council should be urged to maintain a dialogue with the owner and if this failed to take the necessary enforcement action.

52/13 MEMBERS' QUESTIONS

Damaged Pillar in Church Lane

Councillor David Woodward spoke on this matter following upon the report in the previous minute. Church Lane had two way traffic to the north of Yelfs Hotel but one way for its southern section by the damaged pillar. There did not appear to be a simple solution as access was required for deliveries and the matter would be referred to the Traffic Section of the Highways Office.
