

# QUARTERLY REPORT FROM ASPIRE

**Date:** 1 July 2019 at 09:02:00 BST

Aspire Ryde are very thankful for the 3 year commitment of funding from Ryde Town Council.

This years £15k funding has enabled us to already successfully match fund and attract an additional £24,940. towards building, environmental and play frame costs. We are already working on substantial bids that we can match fund from next years £15k.

The RTC precic spend matched to our request has been to pay for £8,000 towards utilities, £1,000 towards energy reduction measures & £6,000 towards the play frame build costs.

We can project/estimate that this will equate to in excess of £250k of social value this year alone - we will give more accurate figures with our annual accounts at the end of 2019.

Let me know if you need anything more.

Thanks Heath
