15/12 ISLAND PLAN CORE STRATEGY

Councillors Briefing

Two briefing sessions on the Island Plan Core Strategy had been organised for Parish and Town Councillors and their Clerks. They will cover :-

1. – What the change from UDP policies to Core Strategies mean.
2. - The content of the core strategy.
3. - The role of supporting documents and information.
4. - The timetable for future planning documents.

The sessions will be held at the Council Chamber, County Hall, Newport from 2pm to 4pm on Tuesday 6th March and from 6pm to 8pm on Monday 12th March.

All Local Councillors can attend and interested members had been asked to inform the Clerk of their preference.

Inspector's Independent Examination

The appointed Inspector has completed his independent examination into the Island Plan Core Strategy and found it sound. Once adopted by the IW Council it will replace the policies of the Unitary Development Plan and a recommendation to adopt the Strategy will be made to the IW Council in March.

The Inspector's report can be viewed on the IWC Website and as it amounted to about 48 pages copies were made available to members. Annexe C to Appendix A that the amended table 5.4 for the Ryde Key Regeneration Area indicates that 2100 additional dwellings will be allocated for Ryde for the 15 year period of the Strategy . A figure of 1900 was included in the draft .

RESOLVED that

1. The IW Council be asked that a Planning Officer be requested to give evidence to support this additional level of development from 1900 to 2100 dwellings in the Ryde Key Generation Area.

2. That as 35% of this total estimated units would be expected to be “affordable or social housing” the question be again asked if these properties would be expected to be occupied by existing IW residents ?

3. It be emphasised that the proposed economic growth for the Ryde area should not create low quality employment but higher grade quality work opportunities to promote a good sustainable work economy for the future of Ryde and its residents.

4. That any future residential development on the periphery of Ryde should be so designed visually and set into the landscape levels so as not to block or spoil the views of existing residents and properties.

16/12 DATE OF NEXT MEETING

The next meeting will be held on Tuesday 7th February 2012.

The meeting finished at 7.55 pm.
