Demolition of conservatory, alterations, single storey rear extension, replacement enlarged roof to provide accommodation within roof space to include dormer window on side elevation and balconies on rear elevation and enlarged porch.  
APPROVED (*TC no objection 8/3/11*)

## 7. LICENSING APPLICATIONS

Copies of all licensing applications can be viewed on  
[www.iwight.com/licensing](http://www.iwight.com/licensing)

Mellish's, 43, High Street ( app.2527)  
An application has been received on behalf of Mrs Ramandeep Dhaliwel to supply alcohol at this shop. The application says this would be during the time the shop is open, between the hours of 0700 & 2300 for 7 days a week. She has had 12 years experience in off licence trading. Comments are required by 10<sup>th</sup> May.

Quay Road Car Park (app.83788) & Simeon Street Recreation Ground, (app.83781)  
Mr Alan Morris , on behalf of I.O.W. Island Games 2011 Ltd has applied for licences for these two sites from 1500 hours to 2130 hours on 25<sup>th</sup> June for one day. The playing of live and recorded music will be involved and this will mark the opening ceremony of the Nat West Island Games. Security staff will assist with safety and checking attendance numbers. Comments are required by 16<sup>th</sup> May.

**8. HIGHWAYS – POSSIBLE FREE PARKING FACILITY AND SPEED LIMIT IN LOWER HIGH STREET.**

Mrs Pauline Reeks of Just Home, 35 – 36 High Street has asked if consideration could be given to imposing a 10 mph speed limit in the pedestrian part of the High Street instead of the existing 30mph limit as there have been some near misses and this would improve pedestrian safety.

Mrs Reeks also mentioned that Ventnor had a free car parking arrangement for one day a week in a council car park and that she had heard that a request from Newport Council for a second free parking facility had been turned down by the I.O.W. Council. She asks if it would be possible for Ryde to enjoy a free parking period on Thursdays for the Market to be pursued . Since the reasonably priced residents parking permits were withdrawn she has noticed a fall in customers who used their permit to visit other places on the Island to eat out and shop, especially pensioners and that Victoria and Garfield car parks are rarely full and the High Street does not benefit from taxi and buses passing as in Union Street.

**9. HIGHWAYS - CONSULTATION ON TRAVEL TO ST. MARY'S HOSPITAL**

It was reported at the last meeting that the NHS consultation on arrangements for travel to and from St. Mary's Hospital, Newport will end on 13<sup>th</sup> May .It recognised travel and transport issues for patients, visitors and staff to and from the hospital and the consultation discusses a number of transport options and covers a number of areas and modes of transport including: Car Parking, Car Share, Cycling, Mobility Scooters, Motorcycles, Patient Transport Service, Public Transport, Voluntary Car Services and Walking. The document can be downloaded from the Travel to Hospital consultation pages at [www.iow.nhs.uk/yoursay](http://www.iow.nhs.uk/yoursay) or follow the link from the homepage of their website. Copies can also be requested by email from [travel@iow.nhs.uk](mailto:travel@iow.nhs.uk).

**10. CONSERVATION AREA DESIGNATION**

The Delegated Decision Report for Conservation Area Designation had been published on the IWC website and the following sections which affect Ryde are reported for information.

The revised boundary for Ryde will expand on the existing Ryde Conservation Area and has been characterised as having five strong areas: The Esplanade, Pier and Seafront; the Historic Core and Commercial Centre; Regency and Victorian Housing; Pelhamfield, Ryde School and All Saints Church; and Ryde Cemetery.

A total of 11 responses were received for Ryde, with no objections. As a result, corrections and minor amendments have been made to the text. One comment was for the inclusion of Westfield Park but this was not accepted due to the difference in age and character. One amenity group felt that the document should go into more historical detail or define development

inappropriate to the area. Two amendments were made to the boundary based on officer comments.

The revised boundary for Ryde St John's will expand on the existing Conservation Area which has been characterised as having three strong areas : Appley and St. John's; the Church of St John the Baptist; and St. John's Park.

Five comments were received for Ryde St. John's with two objections and corrections and minor amendments have been made to the text and boundary. One objection was against the inclusion of a 20<sup>th</sup> Century development to the north of St John's Park but it was felt appropriate to include this area to protect boundary walls and exclusion would hinder management of the designation in this prominent location. Another objection requested the exclusion of St Cecilia's Abbey but as the Abbey does not have any permitted development rights so designation would not affect the day to day management of the Abbey.

The Article 4 Direction will bring certain types of development that may currently be deemed to be permitted development under planning control, such as the construction of porches, or other alterations to dwelling houses.

## **11. ISLAND PLAN REGULATION 27 PROPOSED SUBMISSION CORE STRATEGY**

It was reported at the last meeting that the Proposed Submission Core Strategy of the Island Plan Local Development Framework had been published for Public Consultation and the period will run until 27<sup>th</sup> May 2011. This is available at [www.iwight.com/corestrategy](http://www.iwight.com/corestrategy) and a hard copy had been received to facilitate consideration of this important document.

## **12. LOCAL LIST NOMINATIONS**

Notification has recently been received that an IW Council Panel will meet in May to consider nominations for the Local List of buildings, structures, parks and gardens of Architectural or Historic Interest. Information on the criteria for nomination can be found on

[www.iwight.com/living\\_here/conservation\\_and\\_design](http://www.iwight.com/living_here/conservation_and_design) .

However, there is little time for proper consideration to be given and applications made for any nominations, so members may wish to give consideration to this as an ongoing process so that any nominations may be brought to a subsequent meeting of the IW Council Panel.

## **13. DATE OF NEXT MEETING**

The next meeting has been scheduled for Monday 16<sup>th</sup> May 2011.

(Plans can be viewed at [www.iwight.com](http://www.iwight.com) and will be available 30 minutes before the meeting)
